

ADVOCACY ALERT

Update

Work is well underway by [ECONorthwest](#), with community engagement guidance by [Triangle Associates](#), on the city's Housing Action Plan. In collaboration with residents and government, business, and social service stakeholders, the consultants will evaluate existing conditions and needs and identify actions the city can take to address our island's housing crisis.

Action

You can play an important role in helping to create a plan that reflects the true needs and concerns of the community. The community engagement process involves meetings, surveys, focus groups, and interviews conducted over the summer and fall. For starters, please consider completing one of the two surveys below. They give ample opportunity for you to share your perspective, priorities, and preferences.
