

Finch Green: Capital Funding Sources

The Finch Green budget is just over \$14M. One-third will be generated by home sales. Just under one-third will come from government grants: HRB will apply to the Washington State Housing Trust Fund for \$2.2M and the county for \$500K. HRB expects to receive \$500K through the Department of Commerce Connecting Housing to Infrastructure Program (CHIP) and \$550K from HUD's Self-Help Homeownership Opportunity Program (SHOP). Over one-third (\$5.4M) will be raised through the capital campaign.
